

That's not all, RIIRS also offers:

- a variety of corporate discounts
- attractive rates on automobile and home insurance
- advocacy for the rights of retirees in the public domain
- a chance to get together with other retirees in your own community association
- conferences on topics that concern you
- publications (paper or WEB) and info-letters to keep you informed about current issues
- and much more...

You only have to join RIIRS to obtain and maintain these benefits.

RIIRS, a Collective Voice

Do you know about RIIRS,
the association of retired
nurses, nursing assistants,
respiratory therapists and
clinical perfusionists?

We are an association of
retired health care
professionals.

RIIRS has more than
10,700 committed and
engaged members.

If you are planning
to retire,
think RIIRS.

Did you know that as soon as
you retire, you no longer have
group life insurance nor group
health insurance?

By becoming a member of RIIRS

Did you know that you
can change your group life
insurance policy to an individual
life insurance policy with no
medical exam required?

Did you know that you can
obtain a health insurance policy
in addition to the RAMQ?

Did you know that you have
60 days after you retire to obtain
these benefits?
